

u were wrong

I was right

You were wrong

Didn't want to say it

Held it in for so long

One day when you're sitting there

In your rocking chair

You'll look back and remember

How you did me in

You were wrong

Now I'm up and you are down

Theoretically, of course

Now the past is dead and gone

One day when you're sitting there

In your rocking chair

You'll look back and remember

How you did me in

You were wrong
