

Tomorrow Dies

**I set my alarm
For some time tomorrow
But I can't sleep
For soon tomorrow dies**

**You gave me your word
And I almost believed it
But the simple truth is
Soon tomorrow dies**

**Going nowhere
Time through a looking glass
The world of devotion
With all its distortions
Forward motion is just going backwards
When the angle is reversed**

**I waved my flag
And I pledged my allegiance
But the tie that binds us
Is soon tomorrow dies**
